TS – Bar & Plate Oil /Air Cooler
Duplex Rail Connector

The new Duplex rail connector can be used to easily connect our 1T-line rail coolers in series, extending the performance of the series, and adding new dimensional options within our current performance ranges. This versatile system also simplifies the documentation and logistics for both the OEM and end user (e.g. manuals, spare part lists,…). Contact us to discover the full potential and available options for this system, support@asahydraulik.com.

Technical Data

order number	description	connector material	o-ring	weight
				[lbs]
ILLZSET5032U00	connector 1T rail duplex kit	aluminum	NBR, 1.38x0.12 in	1.80

Content

connector	2x
o-ring	4x
screw M6x20	16x
slot nut	16x

Fits On Cooler Type

all ASA 1T-Line coolers

Typical connection application:

requires
2 x Standard Rail system coolers
1 x ILLZSETSU16U00
1 x ILLZSET5032U00

This data sheet and the corresponding technical drawings serve solely as a general guideline and a technical overview of our products. Please contact us for additional information. We always try to keep the technical data up to date. However, due to constant development, no guarantee can be given for the correctness of the information (or printing errors). This applies to general properties such as dimensions, colors and weight. Any cooling performances and general technical values indicated in this catalogue are measured at a test benches according to asa testing procedures or calculated based on such tests and may therefore deviate from values obtained by test procedures from other manufacturers. The performance can vary by around +/- 15%. All information and calculation values are provided to the best of our knowledge, they do not represent intrinsic product properties and it is strongly recommended that the product is tested under the actual operating conditions. All drawings shown here are to be understood as schematic representations. For exact dimensions and the applicable tolerances, please ask for the corresponding scale drawings. Any form of liability is excluded for the information included in this datasheet. asa GmbH reserves the right to modify the product without any separate notification. This refers to both technical data and the product itself. Furthermore, it is herewith specified that the datasheet and the corresponding scale drawings are not a substitute for the assembly, installation and operating instructions.
